1) What are the notations for Asymptotic analysis

      a) Big-O

      b) Theta

      c) Omega

      d) All of the above

      e) None of the above

2) An algorithm is ----------------------------------

      a) Step by step procedure for solving the problem

      b) Cost estimation of the problem

      c) Both of the above

      d) None of the above
