

# Material Science

## Prof. Satish V. Kailas

Associate Professor  
Dept. of Mechanical Engineering,  
Indian Institute of Science,  
Bangalore – 560012  
India

### Chapter 14. Electrical properties

#### Learning objectives:

- To understand basic electrical property of the engineering materials
- To understand electrical conductivity, semi- and super- conductivities
- To understand the energy-band model for electrical conduction in materials.
- To understand the phenomena like ferro-electricity, and piezo-electricity in addition to electrical insulation
